## PERIHELION

Quarterly Newsletter -

October - November - December 2018-

Issue-21-

Year-6-

### From the Principal's Desk

The last quarter of the year 2018 was a mixed bag. Classes are on in full swing to complete the syllabus. The V semester students appeared for their semester end exams in the month of December. The college conducted exams in a smooth manner. At the same time various departments & committees were engaged in organizing academic and co-curricular activities for students. Some students also participated in inter-college activities. I take this opportunity to congratulate faculty members who have received

honours in their areas of expertise & brought laurels to the college. The students will soon get into the spirit of the annual sports and cultural events, preparations for which will begin in the month of January. I wish everyone a very happy New Year ahead. As the year closes, and we move into 2019, let us also retrospect so that we move ahead with the resolution to improve upon areas where we lacked and to work towards our common & individual goals with zeal.
