

Shri Jayendra Bhai Patel
G.B. Chairman

Knowledge dispels the darkness of ignorance. Education is not just about completing the syllabus, it is about acquiring knowledge. Students must remember to study well for their examinations and to gain knowledge in the process. They have to be ready to face the challenges and adapt to the changes. This is the time to build life, to lay the foundation for a strong career. Students should start considering various options and plan accordingly. Time is an asset. It is to be used judiciously. The Bhagwad Geeta teaches dynamism and action. It is like road map for chartering ones way through life. Together we can build a country, to quote Gurudev Rabindranath Tagore, "where the mind is without fear and the head is held high."

Dr. R.C. Sanghvi, Principal

From the Principal's Desk

Swami Chinmayananda said, "If the youth is not ready to make sacrifices that youth cannot lead a full life, and that nation can no longer remain really free and independent." These words of wisdom are as relevant today, as they were in the past. Students have to remember that there is a time for everything. Now that exams are ongoing, it is time to put in one's best into studies, to excel, and pave the way for a bright future.

News at a Glance

Dr. Pravin Kekre wrote a chapter "Exploring correlation between Molecular Topological Indices and x-ray any Absorption Shift in cobalt- (II) Complexes" in research book "current Research progress in physical Sciences"- Vol-6, published by BP International India and UK (eBook ISBN 978-93- 48859-03-7).

Dr. Nandini Phanse was appointed as an Expert for evaluating research papers for selecting Young Scientists during the 40th M. P. Young Scientist Congress & Science festival organised by MPCST Bhopal & Vikram University, Ujjain, on 27-28 March 2025.

Dr. K. Venkataraman was invited as a resource person for delivering an expert talk on "Indian Knowledge Systems" at the Vigyan Mela 2024, organized in Bhopal by Madhya Pradesh Council of Science & Technology (MPCST) in associated with Vigyan Bhararti, on 29th December 2024.

Workshop on Mushroom Cultivation

The Department organized a two days workshop on 12th and 13th March 2025, on "Mushroom Cultivation" in collaboration with BETi innovative Pvt. Ltd., Indore.

The expert and demonstrator of the workshop was Dr. Pooja Dubey Pandey, founder Director of BETi innovative. On the 1st day, she gave detailed insight of workshop and gave hands on training on substrate preparation {wheat straw sterilization}.

On the 2nd day of the workshop, she proceeded with spawn inoculation by different methods and gave detailed insight on further incubation conditions of mushroom spawns. About 20 students of B.Sc. and M.Sc. from various departments (Biotechnology, Microbiology and Botany) along with 22 staff members participated in the workshop.

Certificates were handed over by Dr. Nandini Phanse, Dr. Priti Vyas and Dr. Pooja Dubey. The workshop was very fruitful, beneficial and entrepreneurial for the students.

Involvement in College Activities:

Dr. Priti Vyas was invited as judge during the "Microbial Food Fiesta", organized by the Microbiology Department.

Ms. Poonam Vijaypuriya was an active member of fun and games activity and stage decoration committee of annual function.

Ms. Pallavi Sharma was an active member of fun games activity and quiz committee of annual function.

Ms. Aditi Pawar was an active member of quiz and anchoring committees of annual function Rhythm 2025.

Dr. Priti Vyas judged the poster making competition organized by Botany Department on the topic "Conservation of natural resources."

A poster on GBS- Guillian Barr Syndrome, was displayed in the Knowledge Gallery.

P.G. Department of Botany

On 24th January 2025, the department of Botany organised a poster competition on the conservation of natural resources as part of UG academic development program. Thirty students participated by displaying their posters. Sneha Mishra, B.Sc. III year student won the 1st prize, while Nandini Parashar secured the 1nd prize. Dr. R. C. Sanghvi, principal of the college, distributed prizes among the students. Dr. Preeti Vyas was the judge of the poster competition. The department displayed a poster on Plants Used in Vedic Era under Knowledge Gallery in the month of January.

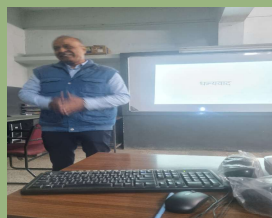

A Botanical excursion for P.G. students of Botany was conducted on 23/03/25 at Ralamandal sanctuary. Twelve students participated in this and collected plant specimens for herbarium preparation. Dr. S. Ray and Dr. S. Shrivastava joined this field trip as teacher guides.

Dr. Preeti Parashar was invited to deliver a lecture on Medicinal Plants and their Importance in Female Health by English department and Mission Green Committee on 8th March 2025. Prof. A. Dohere got the first prize in college level table tennis competition. Faculty member Dr. Sudip Ray, Dr. Madhvi Adhav, Dr. Smita Shrivastava, Dr. Preeti Parashar and Prof. A. Dohere attended a two-day workshop on Mushroom Cultivation organised by Department of Biotechnology on 12-13 March 2025.

Faculty members of the department actively participated in the college annual function Rhythm 2025. Dr. Madhvi Adhav was co-convenor of Fun and Food, Dr. Smita Shrivastava was member of Music Committee, Prof. Avedhesh Dohere, member of Fun and Food and Quiz Committees, and Dr. Preeti Parashar was member of Dance and Stage Decoration Committee.
